

Sinclair Broadcasting's decision to force their stations to air an anti-Kerry documentary days before the election is a clear example of the dangers of media consolidation.

Sinclair uses the public airwaves free of charge, and is obligated by law to serve the public interest. The fact that they are using their power as a media giant to force their local stations to air something that is incredibly biased and politically motivated at such a pivotal time in our history, this close to the election, is ridiculous and should not be allowed.

As a tax payer, I don't understand why my money should go to provide for a company that is going to force its channels all across the nation to air a biased and disgraceful video. Please do not allow this.
